

*Hi Chaps.*

*Well where has the year gone? We seem to have spent all summer waiting for summer to arrive and here we are in autumn already!*

*Anyhow our final event of the year took place on Sunday 6th Sept at Delyn's 'Singing Kettle' field located just off the A55 at junction 31.*

*As it happened the weather was not as good as the met office would have had us believe [shock!] with a heavy overcast and cold winds of around 12 - 15 mph all day which was a shame as the host club had done a fantastic job of preparing the strip and deserved a better day for it. Our numbers were depleted somewhat by holidays and/or commitments to other events/venues with at least 4 or 5 of our regulars unavoidably absent. Still in spite of that 7 hardy souls arrived ready to fly.*

*As the coin toss had caused Skelmersdale to have to suffer me in earlier rounds I decided that in the interest of fairness it would only be right that Liverpool should be stuck with me for this one!*

*Because of the reduced numbers we were able to fly 3 rounds and discard the lowest of our 3 scores so the points below are the total of the best 2 out of 3 rounds for each competitor.*

*As we were so few in numbers I will not bore you with a full detailed report but simply get on with the job of publicising the scores/positions for the day followed by the final standings for the season. Suffice to say that everyone coped well with the conditions on the day and there were no damaged models or repairs required with everyone taking home only the same number of bits that they arrived with!*
